Team Nutrition Publishes New Resource for serving Multiple School Meals

The Food and Nutrition Service's (FNS) Team Nutrition published "[School Meals Programs: Providing Multiple Meals at a Time During the Coronavirus \(COVID-19\) Pandemic.](#)" This publication provides operators of school meal programs with technical assistance on the amounts of foods needed for multiple-day distribution. It also includes best practices and sample menus for school meals program operators who wish to distribute multiple meals at one time.

No Kid Hungry- School Meals Marketing Toolkit

The new [School Meals Marketing Toolkit](#) was created to help you get the word out to families about meals available for kids. It includes a variety of both ready to use and customizable assets—in both English and Spanish—to help you quickly and easily communicate with families. Within the toolkit you'll find social media images, sample social media posts, flyers, a template letter and example robocall scripts.
