SNA is Thankful for The Real School Lunch Story!

[Click her to see the REAL video!](#)

SNA is grateful for our members who have worked tirelessly to transform school meals every day. To combat misconceptions and outdated stereotypes, we created a new video to share the real school lunch story and highlight all the positive changes that have occurred in today's school cafeterias.

Whether they are serving breakfast on an ordinary school day, or a special Thanksgiving lunch, the tremendous efforts of school nutrition professionals nationwide deserve recognition and celebration. The video features delicious school lunches from across the country and shows how school nutrition professionals are appealing to student tastes while meeting strict nutrition standards.
